README

Contribution

Jasmine Omandam

-Designed the layout, handled integration, testing, and debugging -Fixed errors during development, debugged issues, and improved the system's performance. -Update the functionalities -Collaborated with team members during GitHub version control setup, handling merge conflicts and verifying code commits. -Integrated frontend and backend components, particularly linking the student request forms to the Node.js Express server. -Contributed to performance optimization by reducing redundant scripts and improving request-response handling.

(28-30) -Update the student request button -Add Notifier to student portal -Update the functionalities of student portal -Update the homepage -Update the Student Portal -Made the DATA DESIGN

Martina Monica N. Calledo

-Modified the Faculty, Student, and Admin Dashboards for better accessibility and user flow. -Assisted in frontend testing and validation, providing visual and layout feedback during the testing phase. -Focused on creating a user-friendly experience, ensuring each portal was easy to navigate and accessible. -Enhanced and redesigned the Faculty, Student, and Admin dashboards to improve clarity, usability, and navigation flow.

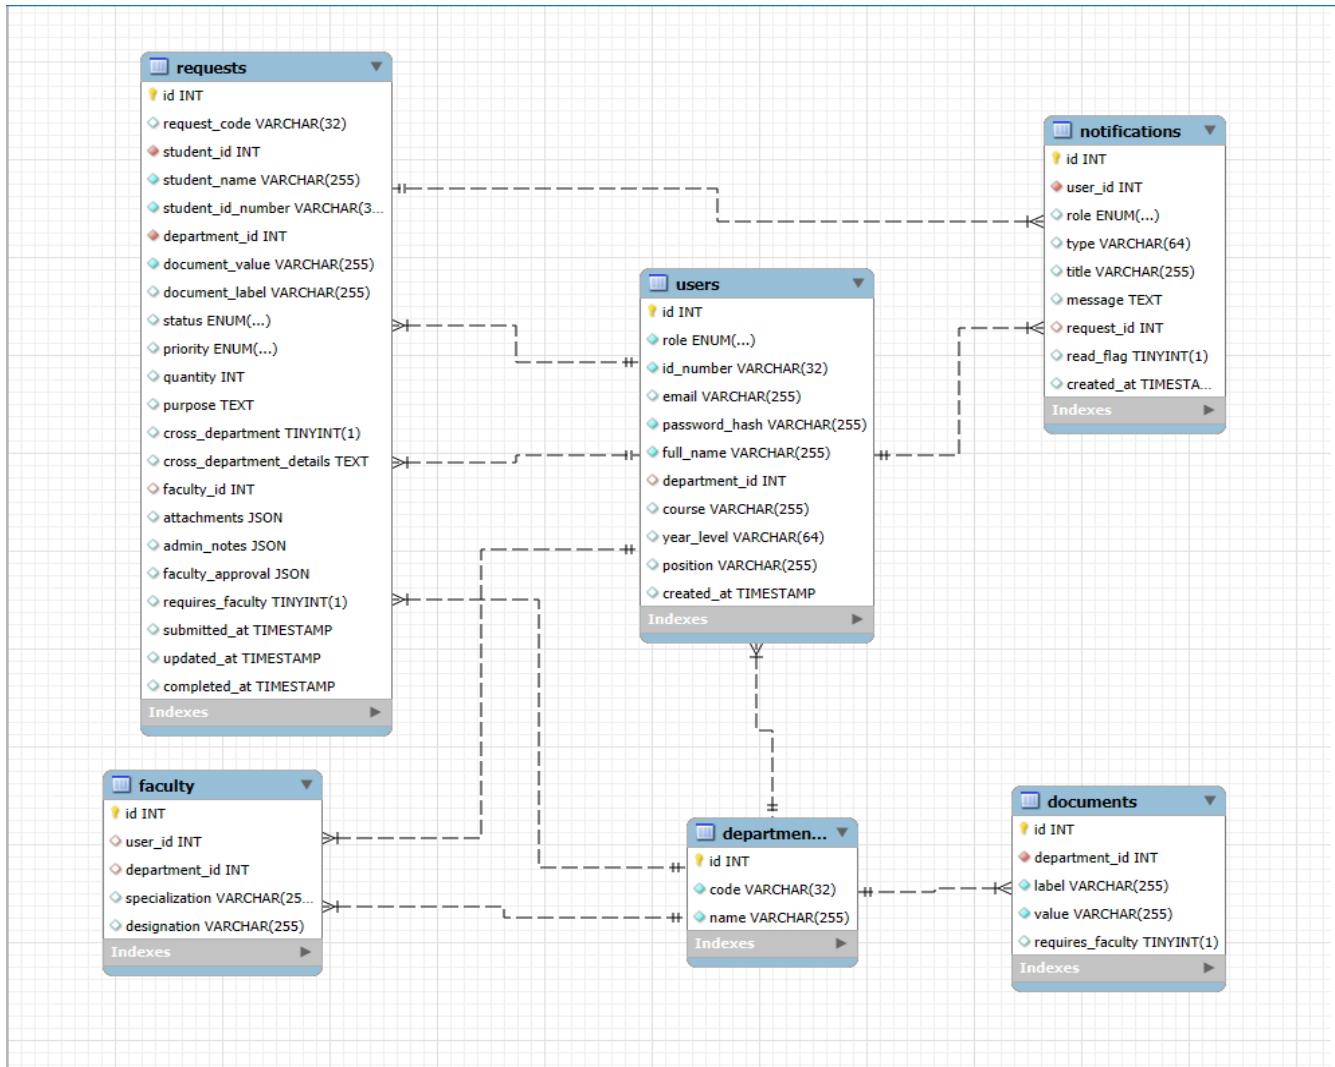

(28-30) -Updated the homepage -Made the Procedural Design & Interface Design

Patrick Duron

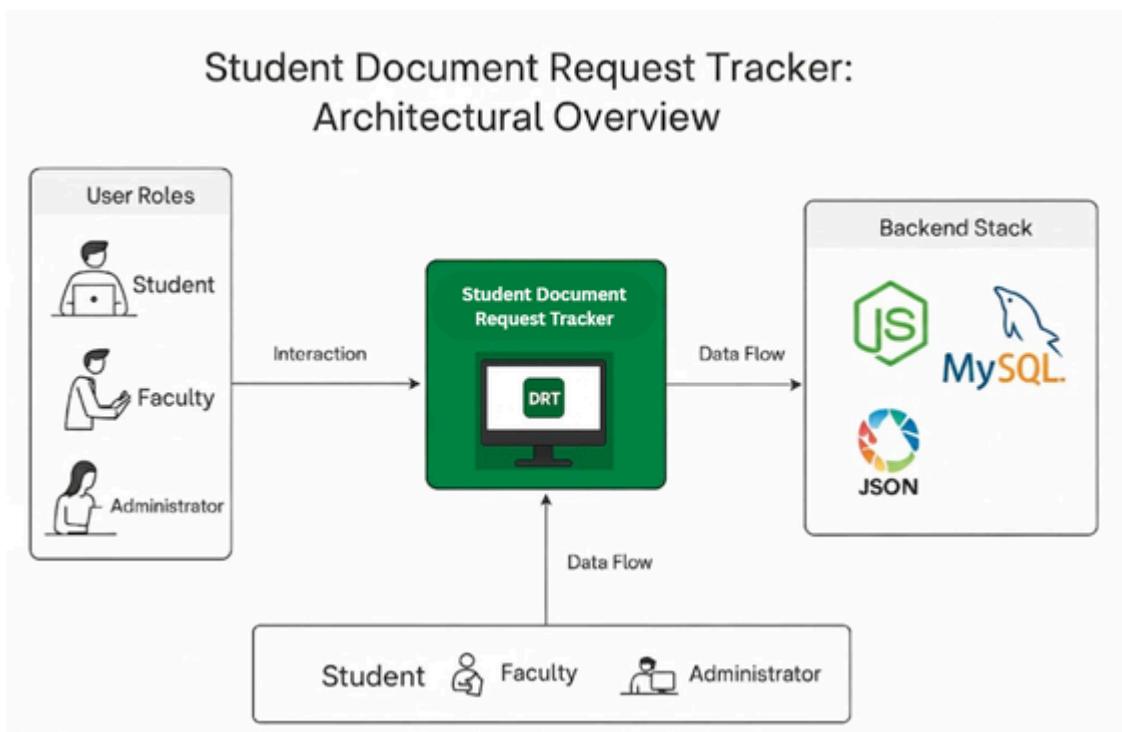

-Modified the structuring for better convenience and easier debugging experience -structured the roles like ADMIN to have their own auth, scripts, styles and views -Helped in repository setup and version control management via GitHub (branching, merging, and committing).

(28-30) -Finalized authentication and database updates. -Resolved merge conflicts and removed outdated scripts. -Fixed routes for faculty, admin, and student modules. -Merged branches and improved project structure. -Made the Architectural Design

HOME PAGE

The home page features a central call-to-action button labeled "Request School Documents Online". Below it, a sub-section titled "Common Document Types" lists six document types with icons and descriptions:

- Transcript of Records (TOR)**: Official academic transcript showing all completed courses and grades.
- Certificate of Enrollment**: Proof of current enrollment status for scholarships, internships, and other purposes.
- Good Moral Certificate**: Character reference and conduct certificate for employment and further studies.
- Certificate of Graduation**: Official certificate confirming completion of degree requirements.
- Recommendation Letter**: Academic or character recommendation letters from faculty members.
- Clearance**: Academic and administrative clearance for graduation and other purposes.

At the bottom, a section titled "How It Works" outlines a five-step process:

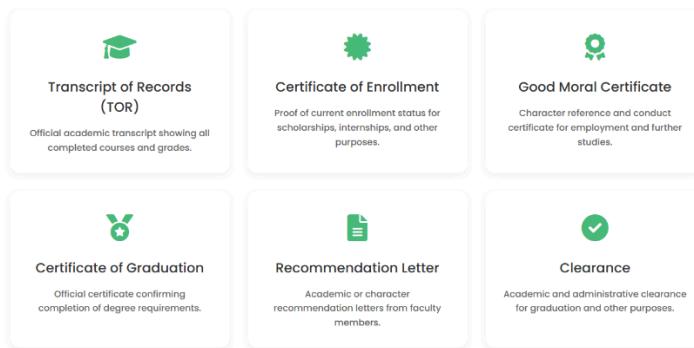

- Sign Up & Login**: Create your student account and login with your credentials.
- Select Document Type**: Choose the document you need and fill out the required information.
- Submit Request**: Review your request and submit it for processing.
- Track Progress**: Monitor your request status and receive notifications on updates.
- Receive Document**: Pick up your document or receive it via your preferred delivery method.

ROLE

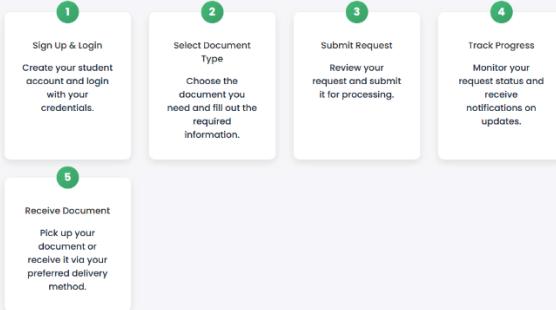

The role selection screen displays three options:

- Student**: Submit and track document requests.
- Faculty**: Review and approve academic requests.
- Administrator**: Manage and process all requests.

How It Works

STUDENT LOG IN

The log in screen includes a "Student Login" header and a "Access your document request portal" sub-header. It features fields for "Email Address *" (martina@gmail.com) and "Password *". A "Remember me" checkbox is checked, and a "Forgot Password?" link is available. A large green "Login" button is at the bottom. Below the form, links for "Create Account" and "Back to Role Selection" are provided.

STUDENT PORTAL

The student portal dashboard features a top navigation bar with the "DocTracker" logo, "Logout", and a notification bell icon with a red "1". The main content area is titled "Dashboard Overview".

FACULTY PORTAL

ADMIN PORTAL

The screenshot shows a web-based application interface. At the top, there is a green header bar with the 'DocTracker' logo on the left and a 'Logout' button on the right. The main content area has a light beige background. A large green rectangular callout box is positioned in the center, containing the text 'Admin Portal' and 'Manage and process document requests'. The overall design is clean and modern.
